W.H. Murray author of *The Scottish Himalayan Expedition*:

“Until one is committed, there is hesitancy, the chance to draw back, always ineffectiveness. Concerning all acts of initiative and creation there is one elementary truth, the ignorance of which kills countless ideas and splendid plans: that moment one definitely commits oneself, then Providence moves too.

All sorts of things occur to help one that would never otherwise have occurred. A whole stream of events issue from the decision, raising in one’s favour all manner of unforeseen incidents and meeting and material assistance which no man could have dreamed would have come his way.

I have learned a deep respect for one of the Goethe’s couplets:

‘Whatever you can do or dream you can, begin it.
Boldness has genius, power and magic in it’”

Be bold and mighty forces will come to your aid ~ Goethe

Create the highest, grandest vision possible for your life, because
you BECOME what you BELIEVE

When you have seen the radiance of eternity...when you follow your bliss, and by bliss I mean the deep sense of being in it and doing what the push is out of your own existence...doors will open where you would not have thought there were going to be doors
~Joseph Campbell

"Prosperity is a way of living and thinking, and not just money or things.
Poverty is a way of living and thinking, and not just a lack of money or things." -
Eric Butterworth

“When you are praising, when you are appreciating, when you are acknowledging value, when you are looking for positive aspects, when you are laughing, when you are applauding, when you are joyous, when you are feeling that feeling of appreciation pulsing through you, in those times, there is no resistance within you. You are, in those moments, vibrationally up to speed with who you really are.”
